

# PILKINGTON

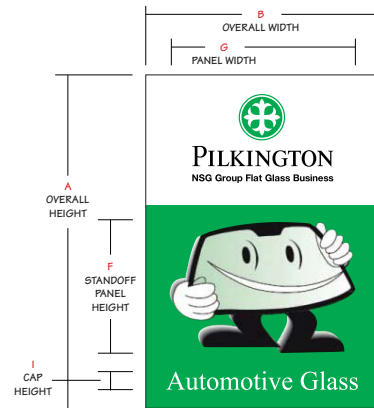

## NSG Group Flat Glass Business

In the Spring of 2008, Image Resource Group was selected by Pilkington Glass for full turnkey implementation of North American locations in support of global rebranding initiative.

**Image Resource Group:** Scope of Work:

- Full Program Management
- Dedicated Project Web Site
- Custom Web-Based Tracking
- Technical Surveys
- Signage Recommendation (Web Accessed)
- Jurisdictional and Landlord Research
- Permit Procurement Management
- Landlord Approval
- Product Engineering / Specifications
- Signage Fabrication Management
- Sign Installation Management
- Site Restoration Management
- Construction Management
- Project Accounting

Via IRG's dedicated web-based reporting system, all facets of the project (site survey, signage recommendations, production and installation scheduling, etc.) are fully accessible to Pilkington Glass and their affiliates.
